Munich, Germany (ots) -

QPQ International, a bespoke deal advisory and leader in green energy project financing, is proud to announce its participation at Intersolar 2024. The event, which brings together key players in the renewable energy and energy storage sectors, will be held from June 19- 21, 2024

## About QPQ International

QPQ International is dedicated to transforming green energy projects into successful investments. With a robust platform and expert advisory services, QPQ connects project developers with investors to advance development, accelerate financing, and secure world-class partners. The company's mission is to help create a greener planet and ensure a sustainable future for generations to come. Our Expertise and Market Position

- **Developers:** QPQ collaborates with over 850 professional developers globally, specializing in renewable energy, waste-to-energy, energy storage, and hydrogen production projects.
- **Investors:** The company's network includes over 600 professional investors, including top-tier international private equity funds, institutional investors, IPPs, and debt providers.
- **Achievements:** QPQ has successfully facilitated funding for over 2.5 GW of Solar PV and Battery Storage Projects, with a constant pipeline of approximately 250 projects valued at over \$20 billion.

## What We Do

- **For Investors and IPPs:** QPQ sources and vets potential investment projects, ensuring fair terms and supporting engagements through to financial close.
- **For Project Developers:** QPQ assists in advancing project development, securing financing, and forging partnerships, optimizing both cost and terms for project sponsors.
